CS76 - iOS Seminar

Interface Builder Issues, Multi-Tab, Tables

Interface Builder

- Main Issues
 - IBOutlet/IBAction - .h
 - Forgetting to connect
 - Connecting incorrectly
 - Read the errors carefully, doublecheck connections...

Multi-Tab Apps

- Ease of access between views
- Issues:
 - Sharing data between views
 - Views should update between 'views'

Multi-Tab Apps (cont)

- Ease of access between views
- Issues:
 - Sharing data between views
 - Singletons?
 - UserDefaults?

Multi-Tab Apps (cont)

- Ease of access between views
- Issues:
 - Sharing data between views
 - Views should update between 'views'
 - ViewDidAppear versus ViewDidLoad

TableView

- Most important thing to read:
 - [Table View Programming Guide for iOS](#)
